NIMAS Purchase Order/Contract Language

By agreeing to deliver the materials marked with "NIMAS" on this contract or purchase order, the publisher agrees to prepare and submit, on or before ___/___/_____ a NIMAS file set to the NIMAC that complies with the terms and procedures set forth by the NIMAC. The publisher also agrees to mark up materials eligible for NIMAS submission that contain mathematical and scientific instructional content by using the *MathML3* (refer to latest applicable version) module of the DAISY/NIMAS Structure Guidelines as posted and maintained at the DAISY Consortium web site (<http://www.daisy.org/z3986/structure/SG-DAISY3/index.html>). Should the vendor be a distributor of the materials and not the publisher, the distributor agrees to immediately notify the publisher of its obligation to submit NIMAS file sets of the purchased products to the NIMAC. The files will be used for the production of alternate formats as permitted under the law for students with print disabilities.

This is page ___ of ___ of this contract or purchase order.

Vendor represents that the materials delivered under this contract or purchase order [hereinafter "the materials"] conform to, at a minimum, the standards for accessibility as set forth in—

- Section 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794d), and its implementing regulations (36 C.F.R. § 1194), or
- Web Content Accessibility Guidelines (WCAG) 2.0 (minimum Level AA conformance).

If any portion of the materials does not conform to the aforementioned standards of accessibility, vendor agrees to provide a written explanation of the reason for non-conformance.

Vendor further agrees to provide a written description of compatibility of the materials with commonly used assistive technology products (e.g., JAWS, Window Eyes, ZoomText, MAGic, Dragon Naturally Speaking) and a description of the process used to evaluate such compatibility.

If the materials include textbooks or related core instructional materials, vendor agrees to prepare and submit a NIMAS files set to the National Instructional Materials Access Center.
